The **Quiz Clothing Store** accepts a variety of **payments**, including **credit cards** and **debit cards**, making transactions convenient for most

shoppers. For those who prefer modern methods, ****NFC mobile payments**** are also available. Additionally, the store boasts a ****wheelchair-accessible entrance**** and a ****wheelchair-accessible car park****, catering to customers who require extra accessibility features.

In-Store Experience and Service Options

While the selection of dresses and clothing items is considered diverse and modern, with many customers praising the quality and variety, there are significant concerns regarding the in-store experience. Reviews express dissatisfaction with staff behavior. Some shoppers report receiving ****poor service options****, with employees lacking enthusiasm and support. One reviewer noted, "The staff let Quiz down! Zero willingness to help." This sentiment reflects a common theme, where customers feel that assistance is either lacking or unprofessional. For instance, one shopper had a concerning experience when a staff member handed her only one shoe instead of a matching pair while shopping for her wife. Such incidents detract from the overall shopping experience. Conversely, there are positive remarks about individual staff members who provided exceptional service, highlighting the inconsistency in service quality. Several customers shared experiences of attentive team members who offered valuable advice and assistance during their visits.

Store Layout and Shopping Convenience

The layout of the ****Quiz Clothing Store**** has been a point of contention among customers. Some find the store cluttered, with insufficient space to navigate comfortably, especially for those using wheelchairs or prams. One review described the aisles as "blocked" by display racks, raising concerns about safety and accessibility. For those looking to save time, the store offers ****in-store pick-up**** and ****same-day delivery****, making it easier for busy shoppers to get what they need without extensive browsing.
